Dear Justin

Thank you for your contribution to Medical Education

I write on behalf of the Executive of Medical Deans and the broader membership to offer our sincere thanks for the many many years of hard work and commitment to the medical education and training field.

There is no doubt that your efforts in this sphere will be sorely missed but we acknowledge that you will be continuing to make your contributions in other ways. And we know that the notions of 'stop' or 'rest' don't come easily to Justin Beilby and we are all the worthy recipients of such leadership and drive.

We wish you and your family some special quality time in the coming months and the opportunity to catch up on a few years of family news.

We will look with interest at the next phase of your life and the new contributions you will make to health and medicine in Australia and wish all the best in these endeavours.

Medical Deans, as an organisation, has benefited greatly from your leadership and like many others, we thank you and wish you well for the future.

Yours sincerely

Professor Peter Smith
